— JOBS OF THE WEEK

WHERE GLOBAL EXPERIENCE
MEETS AUSTRALIAN OPPORTUNITY

CURRENT OPEN POSITIONS

- Senior & Mid-Level Engineers
Defence | Adelaide / Brisbane / Melbourne
- Non-Executive Director
Technology & Innovation | Europe (remote)
- Executive Director, Sponsors & Structured Solutions
Financial Services | Hybrid
- Chief Executive Officer
FinTech | Sydney

Senior and Mid-Level Engineers

Defence Business | Hybrid

(ideally Adelaide, but opening offices in
Brisbane and Melbourne)

An Australian defence business that has government funding and is looking to further commercialise its capabilities both domestically and internationally.

While not a startup, the company operates with the pace and agility of one. Candidates will be comfortable navigating ambiguity, adapting to change and contributing in a high-growth environment.

Required Experience and Qualifications:

- FPGA Engineers: (Field-Programmable Gate Array) engineers specialising in real-time signal processing
- Senior RF Design Skills: senior engineers with RF (Radio Frequency) design skills are needed to lead and mentor their junior hires

Non-Executive Director Technology & Innovation | Europe (remote)

An Australian business operating in the critical industries sector is seeking an experienced Board Director to support its continued domestic and international growth.

Working closely with the Chair and CEO, the successful candidate will help identify strategic market opportunities, support commercial growth, and contribute to the expansion of the company's cyber and electronic warfare hardware and systems capabilities into new international markets.

This is an opportunity to work with an innovative Australian company at the forefront of sovereign capability, helping shape its strategic direction and global growth.

Required Experience:

- A strong understanding of the public and private defence ecosystem
- The ability through experience, network and connections that contribute to growth.

Executive Director, Sponsors & Structured Solutions Financial Services | Hybrid

Join a global bank in a senior role driving the origination and execution of complex financing solutions for Financial Sponsors.

Working across a broad range of transactions, you will lead origination, execution and stakeholder management, combining deep technical expertise with exceptional relationship management and commercial acumen.

The employer is looking for:

- 15+ years' experience
- Deep experience in complex financing
- Strong client solutions mindset
- Proven stakeholder management capabilities

Chief Executive Officer

FinTech | Sydney

An outstanding opportunity for an experienced CEO to lead the next phase of growth for an innovative FinTech business.

Working closely with the Board and Founders, you will shape strategy, drive operational excellence and accelerate sustainable commercial growth.

The employer is looking for:

- 15+ years' experience across banking and FinTech
- Experience in commercial, SME or asset finance lending
- Understanding of startup ecosystems and VC/PE-backed businesses
- Strategic leadership and growth experience
- Ability to thrive in ambiguity and scale organisations
