

SAFETY NOTICE 4

INTERNATIONAL TERMINAL TEMPORARY CLOSURE ASSEMBLY AREA I

The following essential information must be passed to all ITB tenants and stakeholders who are to make themselves aware of these changes to emergency planning and access to Assembly Area I.

Regarding the BAC Stakeholder Notice [STK-N I-66 Date 4 July 2025](#) covering the construction of a new covered walkaway structure at the northern end of the Terminal, this works will include the temporary closure of Assembly Area I for the period of the project:

Monday 7th July until October 1st 2025

For the duration of this period all evacuees will be directed to Assembly Area G at Gate 75, all stakeholders operating in this areas must familiarise yourselves with the changes after site installation on Monday 7th July.

Existing site plan showing Assembly Area I

Temporary layout removing Assembly Area I and directing all evacuees to Assembly Area G at gate 75.

Over the next week affected evacuation diagrams in this area on Level 1 will be temporarily amended and assembly area wayfinding signage to Assembly Area G will be installed to show the new egress routes once you have exited the facility in this area.

Please contact me via email with any questions regarding these items.
