

Stakeholder Notice

DTB Bathroom Upgrade - Northern Satellite construction

STK-N D252c
Date 1 August 2025

[BNE – Stakeholder Notice Summary](#)

This notice supersedes STK_N D252b.

Due to the delay opening the bathrooms on Level 2 opposite Gate 22, commencement of construction on Northern Satellite bathrooms has been delayed.

Location

The works will be conducted at DTB, Level 2, Northern Satellite from **Sunday 3 August** post last departure.

Scope of Works

The next phase of the DTB Bathrooms upgrade program is the construction of the Northern Satellite facility.

The scope of work will entail the demolition of the existing facility, reconfiguration and reconstruction with the new BAC Bathroom finishes.

Render of works

Impacts

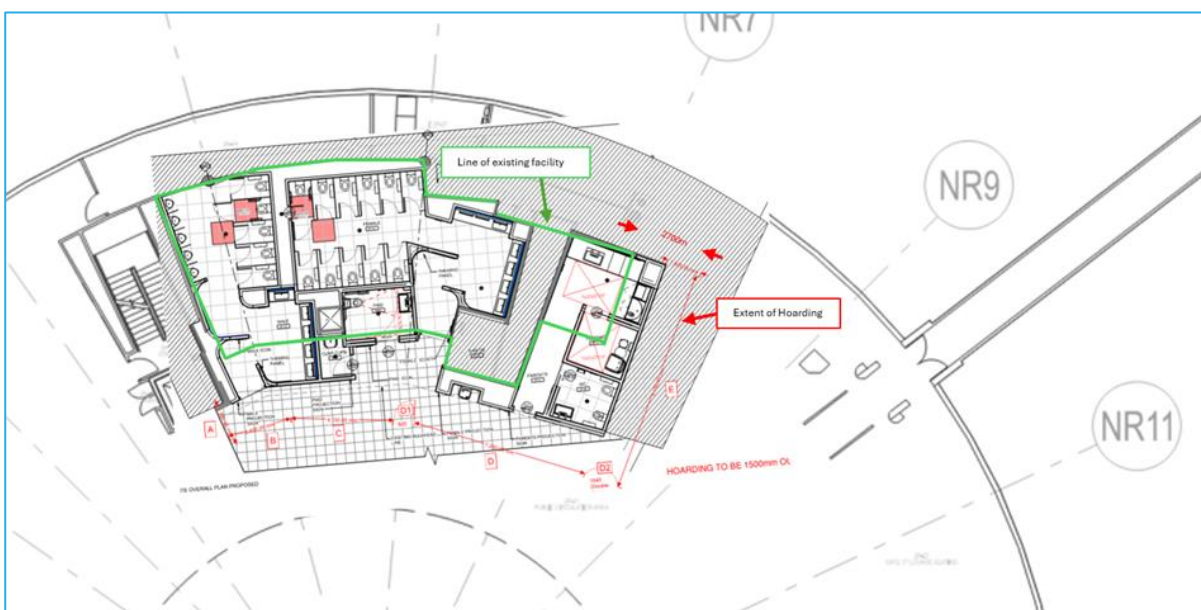

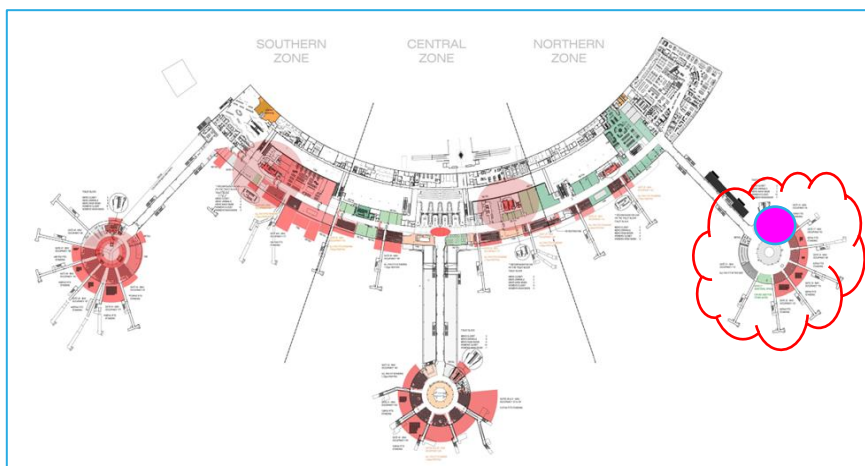

The toilets at Gate 22 will be open the same night, as the hoarding placement of the satellite amenities. Directional signage will be placed to assist passengers navigate to the nearest facility which will be located at Gate 22 or at the Northern Food court.

The work is to be undertaken in a busy part of the DTB necessitating careful consideration for passengers and operations.

The local area around the northern satellite will be affected. Hoarding will be placed around the work zone.

Works will be mostly done during the day – 0600h to 1600h.

Noisy/dusty works, demolition and deliveries will be done from 2200h to 0400h. Consideration will be made to flight schedules as required and further communications will be sent through for the tenants in the area for the particularly noisy works in relation to the demolition.

The area around gate 16 will have the vending machines removed for the hoarding and to also maintain seating in the gate area. Staff need to be aware of the reduced circulation for the area for the duration of the works.

Timing

Date:

- Remove hoarding at Gate 22 bathrooms Sunday 3 August 2025
- Install hoarding northern satellite bathrooms Sunday 3 August 2025
- Electrical make safe Monday 4 August 2025
- Demolition commencing Tuesday 5 August 2025
