STK-N D310 Stakeholder Notice -Virgin A DB
isolations_R2
Date 1 September 2025

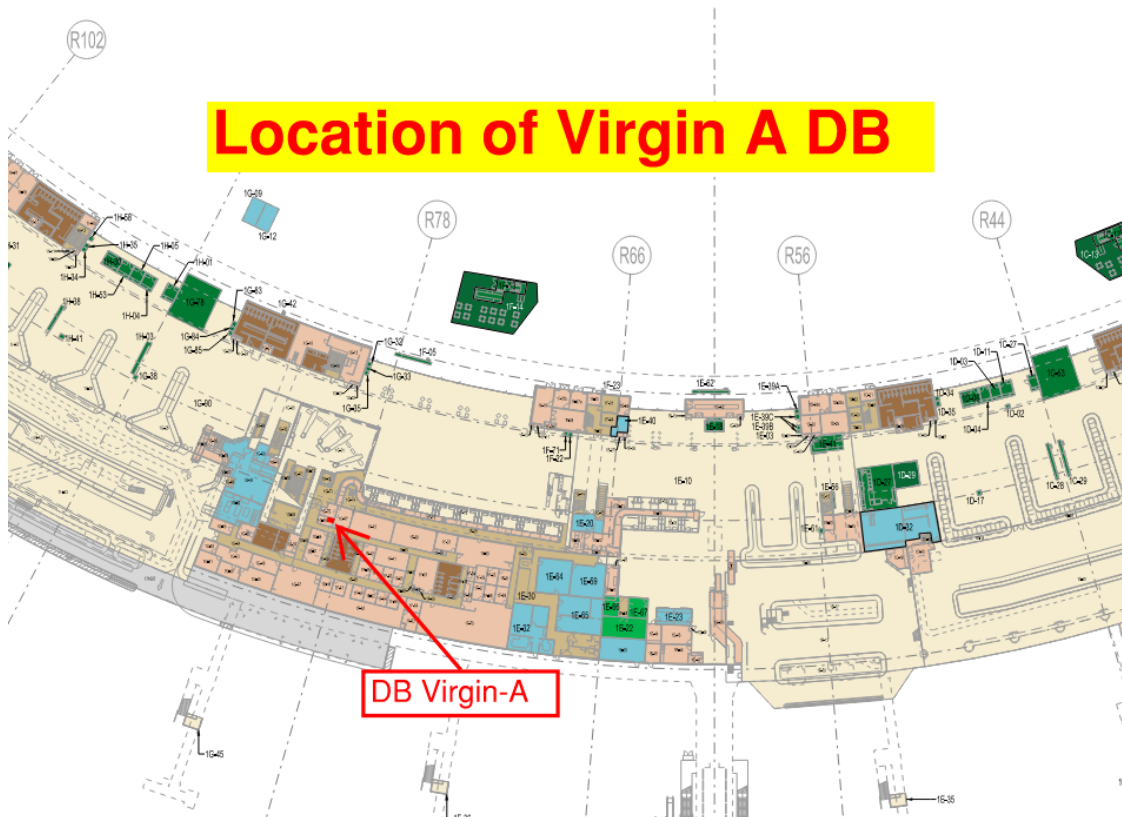

[Weekly Works - Power BI](#)

As part of the upgrade to southern bag hall new circuits are required to be run to Virgin A distribution board (DB). These upgrade works will remove the redundant DB T2.

Location

Lendlease require access to southern baggage hall Virgin A DB to isolate circuits to complete new circuit upgrades.

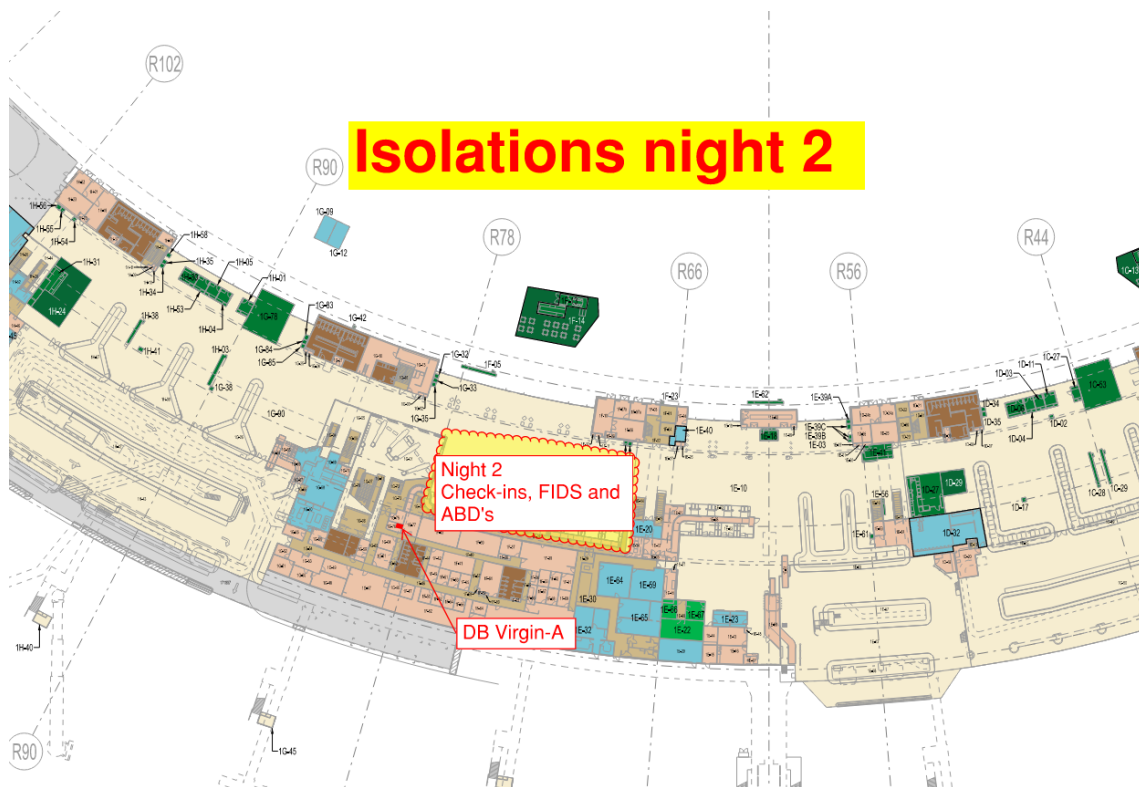

Night 2 Monday 15th September 2025:

Commence works after last outgoing flight (10pm) (Check-in desks, FIDS, and ABD's isolated) 4-hours:

1. Isolate DB virgin check in from DB T2
2. Remove supply from top of main switch and make-safe
3. Install new sub-main from DB-TEMP-2 to DB-Virgin Check-in
4. Test cabling and re-energise board

IMPACTS night 2

Check-in desks, FIDS and ABD's isolated (4-hour isolation from 10pm)

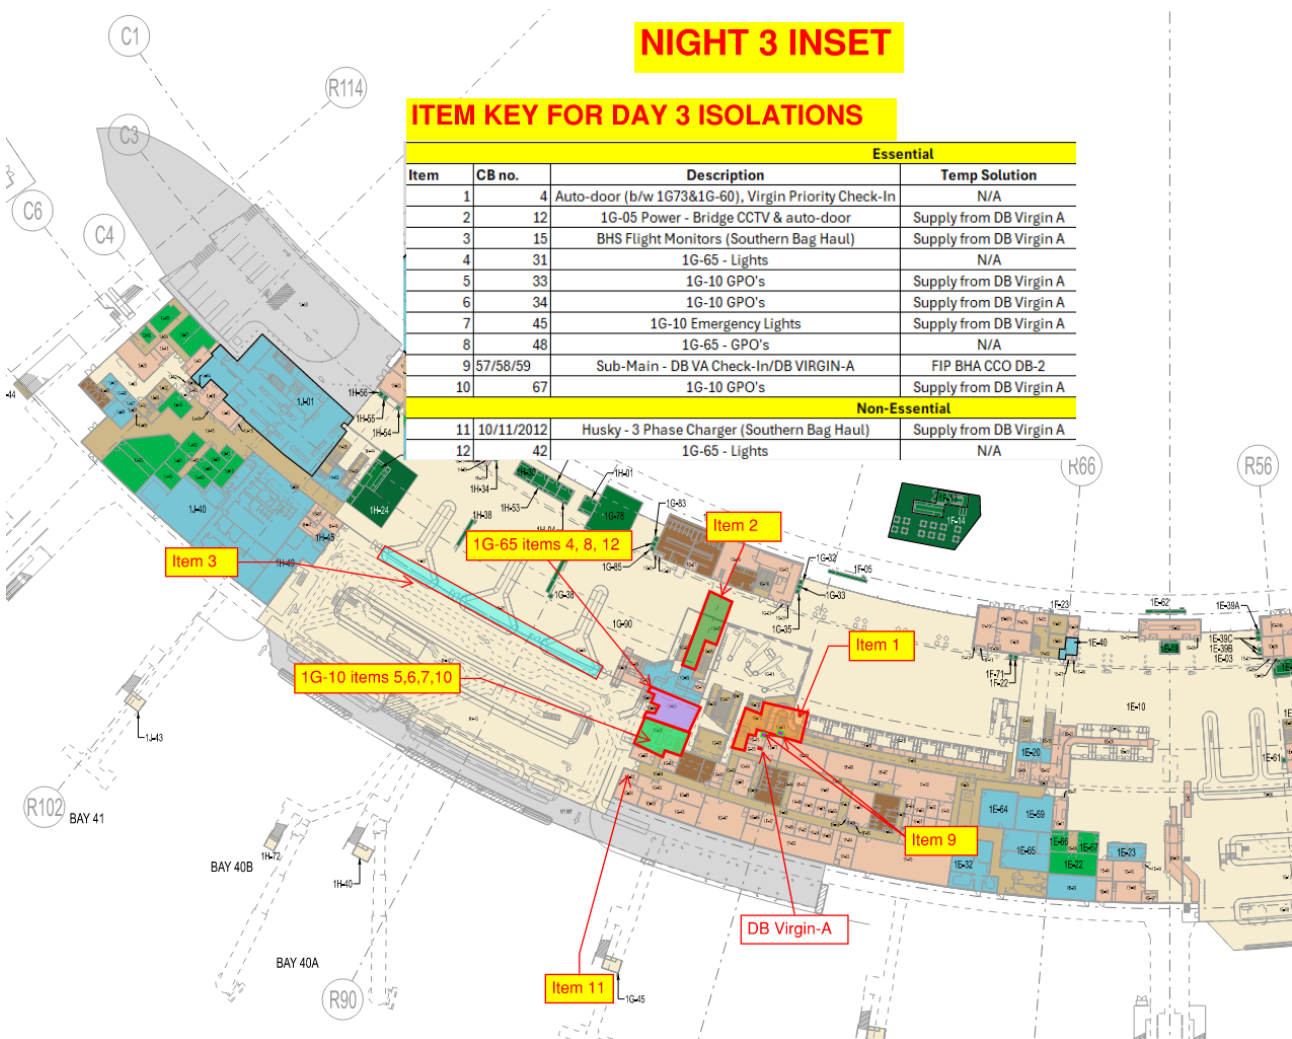

Night 3 Tuesday 16th September 2025:

Commence works after last outgoing flight (10pm) isolations include essential and non-essential items (4 hours):

1. Isolate DB T2 Ess & Non-Ess from tee-off box
2. Remove circuits and re-route to marshalling panel
3. Test all circuitry and energise circuits

IMPACTS night 3

Essential and non-essential items will be isolated. These include auto doors, CCTV, flight monitors, lights, emergency lights GPOS, DB VA check-in, 3 phase chargers southern bag haul. Mark up shown below with item numbers on what services will be affected with the isolation. (4-hour isolation from 10pm)

Night 4 Wednesday 17th September:

CONTINGENCY for night 3 if works are incomplete. These works will be completed after last outgoing flight.
