

Stakeholder Notice

DTB Southern Loading Dock Compactor Maintenance

STK-N D339
D339Date 1 October 2025

Location

Domestic Terminal Southern Loading Dock.

Scope of Works

The general waste compactor at the southern loading dock will be removed for emergency maintenance. A 23-cubic metre skip bin will be temporarily installed for general waste disposal.

Impacts

- No bin lifter will be available at the southern loading dock.
- Tenants and staff must manually dispose of rubbish into the skip.
- If tenants or staff are unable to manually dispose of rubbish and require a bin lifter, one is available at the **loading dock at the northern end of the terminal**.
