

Stakeholder Notice

Domestic Terminal Power Interruptions

STK-N D346 Stakeholder Notice -Facilities Notice-
Power Interruption 22-23 of October 2025
Date 8 October 2025

[BNE – Stakeholder Notice Summary](#)

To ensure the ongoing safe and reliable supply of electricity at Brisbane Airport's Domestic Terminal Building, BAC will be undertaking maintenance works impacting low voltage systems located internally and externally to the Domestic Terminal Building.

Location

Testing of the safety mechanisms feeding MSB5 which in turn feeds MSQ switchboard

This will affect areas

Domestic Terminal Building North (Qantas BMA, Northern Loading Dock, POCO, Qantas Lounge, Qantas Field Switchboards and MSSB's)

Scope of Works

Maintenance works have been scheduled for

- **0045 – 0345 hrs on Wednesday 22nd of October 2025 (Tuesday night)**
- **2300 – 0345 hrs on Wednesday 22nd of October into Thursday 23rd of October 2025**

During these periods, stakeholders can expect power interruptions to affect the following assets/areas:

- **Wednesday 22nd of October** **Domestic Terminal Building North**
(Qantas BMA, Northern Loading Dock, POCO, Qantas Lounge, Qantas Field Switchboards and MSSB's)
- **Wednesday 22nd of October** **Domestic Terminal Chiller Plant**
into Thursday 23rd of October
2025

A general announcement will be broadcast over the building PA system ½ hour & 5 minutes prior to the disruptions.

As a precaution, it is recommended that any critical data is backed up in advance of works and that any Uninterruptible Power Supplies are checked and working.

Should you experience any ongoing power disruption issues following this maintenance, please contact the BAC Operations Centre on 07 3406 3171.

Impacts

Essential and non-essential terminal power and lighting will be affected intermittently for the duration of the above times, including but not limited to:

- Baggage Systems
- Tenancies
- Apron Lighting North of the satellite
- Vertical Transport
